

YES, I WOULD LOVE TO OWN A SUSAN SMYLY
BRONZE SCULPTURE

I have looked at the 5 pieces of sculpture selected
from Susan's body of work, and would like to
purchase _____.

I understand that the purchase price of my sculpture # _____ is \$ _____ with half due at the signing of
this agreement, and the balance due upon delivery of the finished sculpture. (\$350-\$500--depending on size and
weight of sculpture--will be added to the final payment to cover shipping.)

The down payment should be made to Susan Smyly Memorial Fund and sent to Thomas Bullard, 165 William
Street, #3, New York, NY 10038 to start the casting and patination process that will take from 6 months to a year.
When the sculpture is completed you will be notified, including the actual shipping cost. When this amount and
the balance due is received, your sculpture will be delivered to you. We are making Susan's work available at
these deeply discounted prices to continue the promotion and preservation of her legacy. All of your final
payment will go directly to the Memorial Fund to accomplish this end.

Please Note:

If you wish to purchase a piece, but do not want to pay all the down payment at once, or if you wish to spread
the balance over time, we can work out mutually acceptable payment terms. The main goal is to give you an
opportunity to own your precious sculpture/memory of Susan -- and to support the overall effort to find museum
and gallery sponsors to promote her sculptural legacy.
